

## ASUS VivoBook Flip TP412

### Flexibility and Performance

A 14-inch Full HD display built to fit into a typical 13-inch laptop frame with the ASUS NanoEdge bezel.

#### Performance

Experience ultra-fast speed powered by the 8<sup>th</sup> generation Intel® Core™ i5 processor.

#### Full HD

With its Full HD wide-viewing-angle panel and NanoEdge bezel the TP412 is perfect for sharing screen content with a group of people.

#### 360° Design

The 360° flippable design allows you to work in multiple different modes for an interactive experience that enhances performance.

#### Battery life

Fast charging battery that charges to 60% in under an hour with 3x the lifespan of standard lithium-ion batteries.

#### Reliability

The reliability of Windows 10 paired with the security of the hardware-based Trusted Platform Module.

#### Connectivity

802.11ac with Bluetooth 4.2 (Dual band) 2\*2.

### Device Connectivity

USB Type A, USB 2.0 and SD Card Reader

### Device Connectivity

USB Type C and x HDMI port, USB 2.0 and Audio Jack

### 360° Design

360° Flippable FHD touchscreen

### Eye Care

ASUS Eye Care mode reduces blue-light levels to ease eye strain
